NO. 1

RECORD NUMBER OF STUDENTS ENROLL FOR FALL SEMESTER

An all-time record of 1537 students had enrolled at HSC by Monday night and 190 more are expected by the final date of registration, Mrs. Mary Ann Smith, registrar, reported this week.

This is well over the then record-high enrollment of 1422 in the fall of 1956. Last Spring's enrollment climbed to over 1900, still about 300 less than the number of students expected to enroll by the last day of registration. Final day for registration is Monday, Sept. 30.

A registration breakdown issued by Mrs. Smith showed that 1073 students had registered by 4 p. m. Sept. 12, the first day of registration. Friday, Sept. 13, brought the total to 1358 and by Sept. 14, it had risen to 1518.

An actual count of the incoming freshmen was not available at Lumberjack press time. It is estimated, however, that freshmen and transfer students number about 700.

HSC Is Receiver Of \$11,000 Grant

Success in obtaining an \$11,000 grant for Humboldt from the State Water Pollution Control Board was reported to members of the HSC Advisory Board last week by J. J. Krohn of Arcata.

The grant, covering the 1957-58 school year, will apply to special studies to be made by the HSC Division of Natural Resources, in a research of the ocean area off the North Samoa spit, to determine the presence of marine life, a chemical and physical description of the waters and variations that may occur throughout the year.

In his report, Mr. Krohn pointed out that this is the first grant awarded for the scientific survey of unpolluted natural ocean water off a shore area.

He said the results will be highly valuable in comparing the effect of waste materials which may later be emptied into the ocean waters by pulp mills or other types of industry.

Tentative approval has been (Continued on page 3)

'Scalpel' Rehearsal In Full Swing

The first play of the 1957-58 HSC drama season, "The Barbaric Scalpel" has gone into full rehearsal. The play will be presented on October 25 and 26 in the HSC auditorium.

The bulk of the cast has been chosen after two days of tryouts in the auditorium. They are: Lieutenant Sumtite, Buck Downard; Lieutenant Mac, Larry West; Sergeant Ritz, Hal Lewis; Private Rose, Sandy Wilbur; Corporal Hanes, Wally Simlar; Major Cowen, John Smith; Captain Szalove, Bob Loyd; first patient, John McCadden; second patient, Phil Swartzell; litter patient, Walter Beebe; Inspector General, Bill Livingston; first Colonel, Norman Bonniksen; second Colonel, Dion Wright. The parts of four patients and Lieutenant Smith are still open.

Daylight and director, Herb McLellan. HSC drama major says that the cast will be operating on a tight schedule until presentation.

Parking Problem Greet HSC's

A "very acute parking situation" greeted HSC student drivers as the 1957-58 school year began Monday, according to Dr. Lawrence Turner, executive dean.

One thousand parking spaces are needed and only 757 are available which means starting out with a deficit of 243. Dean Turner stated, "This necessitates making the best possible use of the parking facilities available. He said."

Two major parking changes were put into effect this year. The area around the new gymnasium, from Union street in, is all restricted. It is reserved for the staff in that area and the men in Alpha House. The Wildlife building area is restricted for the overflow of the staff and the men in Redwood Hall. This is not very different except for the parking permits being issued in the dormitory men.

A plan is in process, Dr. Turner (Continued on Page 6)

Group Established To Advise Schools Of Racial Problems In Employment

Upon the recommendation of State Superintendent of Public Instruction Dr. Roy E. Simpson, the State Board of Education recently authorized the establishment of a commission to assist and advise local school districts in problems relating to racial, religious or other discrimination in connection with the employment of certificated employees.

Over 200 Attend Third Frish Camp

(See photo on page two)

More than 200 Frish and county-wide were on hand Saturday and Sunday, Sept. 1 and 2 for the third Annual Frish Camp. Frish attending camp came from Alaska, Ireland and Hawaii as well as many students from the local high schools.

Activities at the camp began with registration at the Camp. Then the rest of the morning was spent in a swimming address in the auditorium, a tour of the campus and the first of several discussion groups. Highlighting Saturday activities were the afternoon and evening games at Camp Bower where the Frish spent their time swimming, playing baseball, football, volleyball and dancing. Dinner and after dinner refreshments were served at Camp Bower.

Sunday the Frish were up bright and early for breakfast in Nelson Hall at 7:30 a.m. The rest of the morning was spent in a general session, a discussion meeting and free time to go to church. After lunch at Nelson Hall the Frish were guided on buses and traveled to College Cove where they spent the afternoon of recreation at the beach. Concluding the activities at Frish Camp was a dinner at Nelson Hall where President Siemens was the featured speaker.

Adviser for the Frish Camp staff this year was Dr. E. Nedid Girard, dean of guidance. The student staff was composed of Dale Callahan, director; Roberta John (Continued on Page 6)

Humboldt Receives O. K. To Develop Nursing Program

Permission to develop a four year Nursing Program at HSC was granted by the State Board of Education when the board met here last week.

This was the board's first meeting in four years to be held at Humboldt.

Dr. Homer P. Balabanis, dean of instruction, said the program, as outlined, would lead to the R. N. and B. S. degree in Nursing. He said the request for the program had the support of the State Department of Education, and of local cooperating hospitals, nurses and health organizations.

The college plans to put the course of study into effect beginning with the fall semester, 1958.

Dr. Balabanis said that some 26 students are planning to enroll this fall with the intention of making a change over to the program next fall. In the meantime they will enroll in Basic Science and General Education courses, which are the standard preparatory courses for professional nursing.

Mrs. Caroline Spain of the Fresno County Hospital School of Nursing has been appointed as Coordinator of the Nursing Program at Humboldt. She will assume her duties in January.

HOWDY DOODY HOP SET FOR TONIGHT

Howdy Doody Hop, the first college dance of the year for freshmen students, will be held in the Women's Gym tonight from 9-11 a. m.

The Howdy Doody Hop, now in its third consecutive year, is sponsored by the sophomore class to welcome freshmen.

Students holding activity cards will be admitted for 75 cents, those without need \$1. Dance music will be provided by a student group of musicians.

After these studies are completed, Superintendent Simpson will present his findings to the State Board of Education, at the November meeting for their review and approval, and subsequent submission to the 1958 budget session of the California State Legislature for financial support of the commission.

Concert Series Tickets On Sale

Humboldt Community Concert Series tickets for students are now on sale. See Mr. Roland Barlow in Room 123. Tickets will be sold on a "first come, first serve" basis, since there are only a limited number available.

RED CARPET ROLLED OUT FOR HAWAIIAN GRIDMEN

By TONY VASQUEZ

The University of Hawaii Rainbow Warriors have a big time in store for them when they come to visit the land of giant redwoods. The Eureka and Arcata Chambers of Commerce have made plans to show the visiting Rainbow team all there is to see in the local area.

Wednesday, Sept. 25 will be the kickoff date for the Rainbow Warriors. The plane from Hawaii is expected at the McKinleyville Airport at 7 p. m. Wednesday. A big welcome committee of students, townspeople and local dignitaries are expected to be there for the welcome. The Lumberjack band will be on hand as well as President Cornelius Seimens and Dale Callahan, ASB president.

After the welcome the Rainbows will be escorted to the Eureka Inn where they will be guests of the Eureka and Arcata Chambers of Commerce in a coffee hour.

Thursday morning at 8:30 the Rainbows will visit a logging show by the Hammond-California Lumber Company. They will be shown actual woods operations complete with logging trucks. The show will be held near Big Laagoon.

At 7:30 Thursday evening the Rainbows will receive a special tour of the Ingomar Club in Eureka.

Friday will find the football players from the islands taking an excursion into southern section of Humboldt county. The Eureka Chamber of Commerce will furnish the transportation to the Scotia lumber mill. The team will go south from there and visit some of the Redwood parks.

Saturday night after the game the Hawaiian gladiators will be special guests at the after game dance. This shall be the climax of a hectic four days in the Redwoods for the Hawaiians.

The Rainbows will depart from the McKinleyville Airport Sunday morning. They fly to San Francisco and then home to the Hawaiian Islands.

All the entertainment provided for the Rainbows is an attempt to repay the hospitality they showed our visiting football team when they played in the Islands last year.

Plans Being Made For Construction Of More Buildings

With five new facilities to be dedicated Oct. 19 in what will be the most extensive dedication in the college's history, plans are being made for a new set of structures to be started next spring.

President Cornelius H. Siemens said that the six new buildings, all of which will be underway by July, 1958, will bring to 15 the total of new buildings to have been built on campus since World War II in an effort to keep pace with skyrocketing student enrollment. The HSC Master Plan calls for an enrollment of 5000 students by 1970.

Dr. Siemens attended special meetings in Sacramento Sept. 5-6 to discuss progress of architectural plans and designs for these buildings, especially the first scheduled for bid, a \$2 million Speech-Arts and Auditorium building to be erected at the corner of Laurel and Sequoia streets, across from the College Elementary School.

The latest building for which financing has been approved is a second 200-unit dormitory with construction scheduled to begin by June 30, 1958.

This means, said Dr. Siemens, that by the beginning of fall semester, 1959, there will be sufficient student housing on campus to eliminate all temporary dormitories.

Polio Inoculations Scheduled Monday

The college health service will again offer polio shots to all HSC students, faculty and personnel under 40. Inoculations, at \$1 each, will be available Monday, Sept. 23 from 8 a. m. to 11 a. m. only.

At this time the third in last year's series of shots will be administered. After those that signed up, the first shot will be given. The second shot, in this series, will be offered Oct. 21 and the third on May 19, 1958. They will be administered by Dr. George Scheppler, college physician.

According to statistics, since Jan. 1, 1957, the number of paralytic polio cases is 3433 below the 1956 number. The Public Health Service attributes the reduction to the Salk vaccine.

A group of students pass through one of the many steps in the registration procedure on the last semester saw a record number of students enroll at HSC. Nearly 1,100 students registered on the first day alone.

Applications Here For NROTC Exam, Navy Announces

Applications are now available for the Navy's twelfth competitive examination for its nationwide NROTC college training program, according to a recent announcement by the Navy Department. The mental examination is scheduled for Dec. 14, 1957, and is open to all high school seniors and graduates who can qualify. The deadline date for receipt of all applications is Nov. 16, 1957, the Navy stated.

Successful candidates will start their Naval careers in colleges and universities across the country in 1958, with substantial financial assistance from the government. After a normal college education, graduates will be commissioned as regular officers in the Navy or Marine Corps, for active duty with the Fleet throughout the world. For those who apply and qualify assignment to flight training will open new careers in naval aviation.

Male citizens of the United States between the ages of 17 and 21 are eligible to apply for the aptitude test. Persons attaining a qualifying score will be given the Navy's rigid midshipman physical examination next February. From the pool of qualified candidates remaining in competition, approximately 2000 young men will be selected for appointment as midshipmen and will enroll in one of the 52 colleges of their choice where a Naval Reserve Officer Training Corps Unit is located.

College men enrolled in the Regular NROTC program will spend part of three of their summer vacations on training cruises with the Fleet, and will receive \$600 annual retainer pay until commissioned. In addition to the normal college curriculum, the midshipmen will study a planned course in naval science. All tuition fees, and books will be furnished by the Navy.

Applications for this program leading to a career in the naval service, are available from Mr. Albert W. Blood, Placement Officer, room 109 in the Administration Building, or from the nearest U. S. Navy Recruiting Station. Mr. Blood has been provided with specific information concerning the NROTC program and will furnish information bulletins to any interested student.

JAZZ in the Afternoon

Another "first" in Humboldt being established this weekend with the introduction of Sunday afternoon jazz sessions - a long time favorite in other areas and a sure sign that jazz has arrived solidly and swingingly in this locality.

Jerry Moore and his newly augmented sextet, widely known alumni of HSC, lead the adventure in listening for the fast-growing number of buffs in the vicinity and will feature not only swinging and intimate jazz but also guest artists and audience participation discussion groups led by such personalities as Ken Stodder, jazz disc jockey, another HSC alumnus and originator of the newly formed Humboldt Jazz Club.

With the excellence of quality of music that has become synonymous with the name of the Jerry Moore group and with the enthusiastic attendance of all those interested in jazz in the area, the experiment in music shows every indication of becoming a high-flying banner on the local entertainment field.

The college carillon was dedicated five years ago during the half-time period of a HSC-Pacific Lutheran College football game.

One of the many activities students at the third annual Frosh Camp enjoyed was the outing at College Cove, Sunday Sept. 8. Here a large group of freshmen are watching fellow students pot on skits. (See story on page one)

FORMER ART ROOM IS CONVERTED INTO LOUNGE AND ACTIVITY CENTER

By DICK WASSMOUTH

The two new classroom buildings and the new gym aren't the only changes which have occurred on campus this summer. A major remodeling job has been done in the old art room and students and faculty returning this fall found that room 100 has been transformed into a combination lounge, activity center and meeting room.

Named the Green and Gold Room, it has been entirely redecorated and is complete except for a small partition to be added around Christmas time and the new furniture which is expected in two or three weeks.

The room, which housed the school library until three years ago, was converted into the art room when the library building was completed. With the realization of the new art building this fall, the room has taken on its third and probably its final job, that of a social and meeting area for students, faculty and any campus organizations.

New Floor Laid

The room was cleaned and painted, new shelves were put in and a new floor was laid. A partition will be constructed along toward Christmas, separating about one-third of the room for a faculty lounge. All work has been done this summer by the college maintenance force.

Kate Buchanan, dean of women, stated, "the room will be used at night for meetings of many of the social organizations and clubs on campus. The Veterans Club, AWS, Faculty Wives and other clubs have already used it. It also served very nicely for the President's reception." She added, "the color scheme will be green and gold in modern style furniture. We will also have a piano in there."

Available For Students

Dean of Students Don Karshner reported, "In the daytime the room will be available to students relaxation, reading or quiet conversation. Smoking will be allowed. At night it can be used by clubs and organizations or for small dances or social affairs by campus groups."

Chamber Programs Begin Sept. 29

The HSC Chamber music group will begin its yearly series of programs Sept. 29.

This first program, to be given at 8 p.m. in the new music building, will present Charles Fulkerson at the piano, Jean Fulkerson and Elaine Bus, cellists; Dan Backman, violin; and Esther Thompson and Floyd Glendon, violinists.

Students, faculty, and friends are cordially invited to this and coming programs.

In September 1947, the Coop received a new coat of paint. It was said then that "in two or three years the college hopes to have a new Commons building."

Audio Visual Department Scores First With 'Very Own' Building

For the first time in HSC history the Audio Visual Department has a building of its own in which it can operate to serve the college. It is quartered in the old music building across from Nelson Hall.

The department will now be able to meet the needs of the growing student body and also expand the services that have been offered in the past.

The services offered to faculty members and public school teachers include loaning equipment with a trained operator to run the machine. There is a tape recording service and a tape library. The department main-

tains a laboratory as a special service to the education department. Also when your enjoyment of the football games is increased by the informative public address system or you view the films taken of our games remember this is made available through the Audio Visual Department.

The staff includes Dr. William Ladd as co-ordinator, Larry Olsen, Junior at HSC, as half-time audio visual assistant, Helen Olsen, Junior, as secretary; Sid Fauerbach, Senior, as student assistant and Ed Holverson, Senior, as half-time lab assistant.

THE MIXTURE AS BEFORE

Today begins my fourth year of writing this column and, as before, I will continue to explore the issues that grip the keen young mind of campus America—burning questions like "Should housemothers be forced to retire at 28?" and "Should pajamas and robes be allowed at first-hour classes?" and "Should profs be armed?" and "Should picnicking be permitted in the stacks?" and "Should teachers above the rank of associate professor be empowered to perform marriage?" and "Should capital punishment for pledges be abolished?"

Philip Morris Incorporated sponsors this column. Philip Morris Incorporated makes Philip Morris cigarettes. They also make Marlboro cigarettes. Marlboro is what I am going to tell you about this year.

Before beginning the current series of columns, I made an exhaustive study of Marlboro advertising. This took almost four minutes. The Marlboro people don't waste words. They give it to you fast: "You got a lot to like in a Marlboro... Filter... Flavor... Flip-top Box."

Well, sir, at first this approach seemed to me a little terse, a bit naked. Perhaps, thought I, I should drape it with a veil of violet prose, adorn it with a mantle of fluffy adjectives, dangle some participles from the ears.

But then I thought, what for? Doesn't that tell the whole Marlboro story?... Filter... Flavor... Flip-top Box.

Marlboro tastes great. The filter works. No does the box. What else do you need to know?

So, with the Marlboro story quickly told, let us turn immediately to the chief problem of undergraduate life—the money problem. This has always been a vexing dilemma, even in my own college days. I recall, for example, a classmate named Oliver Hazard Nigglous, a great strapping fellow standing 14 hands high, who fell in love with a beautiful Theta named Nikki Spillane, with hair like beaten gold and eyeballs like two table-spoons of forgetfulness.

Every night Oliver Hazard would take Nikki out to dine and dance, and then to dine again, for dancing made Nikki nervous. Then they would go riding in the swan boats, and then Nikki, her appetite sharpened by the sun air, would have 8 or 10 oysters, and then Oliver Hazard would take her home, stopping on the way to buy her a pair of oysters or two.

To raise money for these enchanted evenings, Oliver Hazard took on a number of part-time jobs. Between classes he cut hair. After school he putrid porridge. From dusk to midnight he vulcanized medicine balls. From midnight to dawn he trapped night crawlers.

This crowded schedule took, alas, a heavy toll from Oliver Hazard. In the space of a month he dwindled from 280 to 104 pounds—but that, curiously enough, proved his salvation.

Today Oliver Hazard is a jockey, earning a handsome living which, combined with what he makes as a lymph donor after hours, is quite sufficient to curb Nikki's girlish appetite. Today they are married and live in Upper Marlboro, Maryland, with their two daughters, Filter and Flavor, and their son, Flip-top Box.

The makers of Marlboro take pleasure in bringing you this free-shooting, unvarnished column every week during the school year... And speaking of pleasure, have you tried a Marlboro?

New faculty and staff members are first row (l to r) Mr. Max Butler, Judy Begley, Librarian at CES, Audrey Simpson and Mr. Reginald Daly. Second row: Dr. Alvin Bradford, Mr. Edwin Holverson, Mr. Robert Talbott, a psychology assistant, Mr. Edwin Kemelgarn and Mr. Alfonso Molina. Third row: Mr. Gene Asprey, Mr. Jerry Long, Mr. Paul Moogas, Dr. Phillip McCoury, Mr. Men Fletcher and Dr. Carl Widmer. Fourth row: Mr. Henry Trapp, Dr. Edwin Bollman, Dr. W. L. Turner, Mr. Dale Anderson, Mrs. Evelyn McCurdy and Dr. Edward Steele. Not pictured are Dr. George Allen, Mr. Ralph Bumpus, Mr. Henry Cooper, Mrs. Vickiann George, Mr. Charles Roscoe and Mr. Gordon Schroeder.

Several New Teachers Appointed For HSC's 1957-58 School Year

Several new faculty and staff members have been appointed in the 1957-58 school year. President Cornelius H. Bennett announced recently.

Dr. Phillip McCoury, assistant professor of economics, comes here from the University of Tennessee at Knoxville, where he held a similar position. He received his Ph.D. degree from Duke University, Durham, N.C., where he also earned his MA. He was formerly assistant professor of economics at Central College, Fayette, Mo., and from 1952 to 1955 was director of labor archives for the US Army Infantry.

Mrs. Evelyn McCurdy, assistant professor of speech and drama, comes here from Wayne, Ind., where she was an instructor in speech while working on her Ph.D. She earned her MA degree from Leland Stanford University.

Charles M. Roscoe returned to the HSC faculty as an associate professor of engineering after having spent several years in engineering field work. He served as teaching assistant at HSC from 1946-48. He has a Master of Science degree in civil engineering from Leland Stanford and the past year has held the post of engineer for the city of Arcata.

Gordon L. Schroeder, assistant professor of physical education, is a graduate of HSC. He has taught commercial and industrial arts at the Ukiah Union High School since 1954.

In 1955-56 he was coach and mathematics teacher at the Eureka High School.

CEB TEACHER

Mrs. Audrey K. Simpson will become a teacher in the College Elementary School after having received her AB degree from HSC this year. In 1956 she taught the sixth grade at the Fort Bragg Elementary School.

Dr. Edward D. Steele joins the department of speech and drama as assistant professor after having been at Leland Stanford University since 1954. He earned his MA and Ph.D. degrees there while instructing the speech department. He was with the Army Information and Educational Services from 1942-44, after which he taught at the Modesto High School for six years. He spent a year as staff astronomer for station KTEB in Modesto.

Also joining the department of speech and drama is Dr. Willis

Turner, who was an instructor last year at Washington State College at Pullman. He earned his Ph.D. from the University of Illinois in 1956, and his MA from the University of Colorado.

Henry S. Trapp, assistant professor of mathematics, has been with the Montana School of Mines at Butte since 1955. He has a Master of Science degree from Indiana University. He served for two years with the U.S. Army Force as a control tower operator.

Dr. Carl L. Widmer, assistant professor of chemistry, comes here from Madison, Wis., where he has held a post-doctorate fellowship at the University of Wisconsin's Institute for Enzyme Research. After earning his doctorate from the University of Rochester in 1952, he was a laboratory instructor of medical students at the University's Medical Center. He formerly was a chemist at the Naval Medical Research Institute in Bethesda, Md.

PART TIME BASIS

Joining the staff as assistant professors on a part time basis is Ralph Bumpus, a former student at HSC, who will teach auto mechanics. He is also a teacher at Eureka High School.

Mrs. Vickiann George will serve as Public Information Officer. She comes here from Bethany College in Lindbergh, Kan., where for the past two years she has been Director of Public Relations.

Alfonso Molina will be part time instructor in natural science. He earned his BA degree from HSC in 1956, and is presently working on his Master's.

Three HSC students will become part time assistants in their departments. They are Henry Casper in physical education, Jerry Long in natural science,

COMUS SAYS

For the information of those newly arrived veterans, Comus is one of the leading Greek gods and patron of all vets on the HSC campus. This column, his official press release, will inform his devoted followers of his wishes, commands, etc.

Chief Comaite Frank Thomas, and his court wish to welcome all new vets to HSC. Those who have not already taken advantage of the opportunity to join the group are urged to do so by contacting Keith Carlson.

A feast in honor of the great god will be held next Sunday, September 22. The rites will take place in Redwood Park, Arcata, commencing around 1 p.m. Refreshments, of the "soft" variety since this is a family affair, will be furnished by the Comus Club. As for the "vittles"—well—this is scheduled to be a pot-luck set-up.

All veterans attending HSC, non members included, are invited and everyone is urged to bring their whole family.

Be sure to watch for the next ritual, dance type, put on by the followers of Comus.

\$11,000 Grant

(continued from page 1)

given for the renewal of the grant for a second year.

The study is being planned by Dr. Charles Yokom, chairman of the Division of Natural Resources. Dr. George Allen, assistant professor of Wildlife Management, will be in charge of the project, and will be assisted by several advanced fishing students.

One year ago this month the library instituted its policy of remaining open Mondays through Thursdays from 7:30 a.m. to 10 p.m. This was due to increased enrollment and the addition of late afternoon and evening classes.

and Edwin Heisenman in audio visual.

The President's reception for new faculty members was held in the Green and Gold Room of the Administration building last Sunday afternoon.

Gridders Fall In Initial Outing

LUMBERJACKS DROP SEASON OPENER TO POWERFUL SEATTLE RAMBLERS, 12-0

By DON HARRIS
Lumberjack Sports Editor

Stymied by an inability to move the ball when it counted, the Humboldt State College Lumberjacks fell before the semi-pro Seattle Ramblers 12-0 last Saturday night before some 3000 fans in Redwood Bowl.

It was the first game of a rigorous 12-game slate for the Jacks, who are defending Far Western Conference Co-Champions along with the San Francisco State Golden Gators and the Cal Aggies Mustangs.

Tomorrow night Coach Phil Sarboe and his traveling unit will battle the College of Idaho in an intra-league conflict at Caldwell, Idaho. The host eleven rate as a small college powerhouse and undoubtedly will give HSC plenty to worry about.

Actually the Lumberjacks outplayed the Seattle squad in nearly every statistical department and looked promising - if not quite yet ready - in a losing effort.

Four times the Jacks drove to within 20 yards of a touchdown; two of those efforts carried Humboldt to within three yards of paydirt. But each time the threat went for naught as the Ramblers twice held on downs and twice Humboldt fumbled the ball.

While the loss was disappointing, it was neither unpromising nor a waste.

Before the game Coach Sarboe, knowing the caliber of the Washington club, had stated that it would be a rugged contest and a helpful conditioner for Humboldt, which faces what is perhaps one of the longest and roughest of small college schedules in the nation.

And after it was all over, the wisdom of the HSC mentor's words were apparent for the Green and Gold had met a very fine club, indeed, and doubt-

edly had gained a great deal of football know-how that will prove invaluable to them in the 11 games to come.

Seattle relied on a 55 yard power drive early in the second period for the first score. It took a dozen plays for the Ramblers to reach paydirt after taking a Warren Baker punt.

Halfback Harlow Stevens, who had the big play in the drive with a 17 yard sprint, scored the touchdown with a 3 yard plunge.

The winners scored their other tally in third period as end Sam Buckley snared a wayward Jack aerial and romped 47 yards untouched to cross the double line.

First serious threat by Humboldt came on the kickoff following the initial Rambler score when they marched back 76 yards before fumbling on the three. Big play of the series was a 35 yard pass play from Quarterback Baker to Dave Thomas who made a spectacular reception.

At the start of the second half the Jacks moved to the Seattle 14 only to lose the ball on downs and later in the third period another opportunity went by the boards when the Ramblers held on their own 17.

And again in the fourth quarter Humboldt went on the move, going to within a yard of the promised land before bobbling the pignik.

In short it was a profitable, exciting, if somewhat frustrating opener for the promising 1957 Humboldt State College football year.

LUMBERJACKS PLAY IDAHO SATURDAY

SCHROEDER LINE COACH FOR HSC VARSITY ELEVEN

Newest member of the Humboldt State Lumberjack Varsity football coaching staff is Gordon Schroeder, assistant professor of physical education.

Schroeder has taken over during the absence of Bob Doornink and is currently filling the job of head line coach for the Jacks.

He is a well known to Northwestern California sports fans as a former line star and captain of the HSC squad, playing under Dr. Joseph Forbes the years of 1946-48. He was All Far Western Conference the last two seasons.

Schroeder is no stranger to the coaching department either, as he was a student assistant here in 1954 while doing graduate work.

Two other former HSC athletes, Henry Couper and Bob Hughes, are serving this season as coaches of the Junior Jacks. Couper is a 1957 graduate while Hughes is back from service in the Armed Forces. Both men are working on their Master's degree in P. E.

Applications Here For Federal Exam

The U. S. Civil Service Commission is inviting all college seniors and graduate students who are interested in "working for America" to file their application cards now for the Federal Service Entrance Examination.

Before the football season, the social season or finals arrive, seniors in all major fields may complete in the single examination required for entrance into one of a wide variety of career opportunities in the Federal Government.

Seniors graduating by mid-year will want to take the written test scheduled for Nov. 16. Participation early in the school semester permits students to take the examination, have their qualifications evaluated and, if successful, be reformed, prior to graduation, for consideration by a variety of Federal establishments.

Application cards may be obtained from the Placement Office, room 109 in the Administration building, Post Office, or the Twelfth U. S. Civil Service Region, 630 Sansome Street, San Francisco.

Additional information on types of job opportunities and locations of Federal establishments is available in the placement office.

SPORTS

Lumberjack griders weave in and out around a rail on part of an obstacle course which the team goes through in conditioning exercises during the noon-time practice. Also included in the courses are a steel "monkey bar" and some hurdles.

JUNIOR JACKS TO OPEN SIX GAME YEAR HERE TOMORROW AGAINST LASSEN JC TEAM

By DON NIELSEN

Humboldt State's Junior Jacks begin their six game schedule tomorrow night when they play host to Lassen Junior College starting at 8 p. m. under the lights at Redwood Bowl.

This week, several of the varsity players who will not make the trip to the University of Idaho contest with the Lumberjack traveling squad will play for the Junior Jacks.

Junior Varsity Coaches Henry Couper and Bob Hughes said that the squad has been working out only this week and that varsity Coach Phil Sarboe has sent down several of his fresh and soph members to play this week in order to gain experience.

As a result of the changing of personnel, Couper said that he would be unable to announce any starting lineup. However, most of the team members will see action.

1957 JUNIOR JACK SCHEDULE

Sept. 21 Lassen JC (home)

29 Cal Apple (home)

Oct. 5 San Jose JC (home)

12 SOCE (Conestoga City)

21 Lassen JC (Sunnyside)

Nov. 9 OTI (Elmendorf Field)

JUNIOR JACK BOSTER

ENDS: Jim Ziegenbein, Venter Flanagan, Bill Robinson, Darrell Mortenson.

TACKLER: Bill Bartlett, Charles Atkinson, Wally Chase, Floyd Myers, Bill Nichols.

GUARDS: Phil Edwards, Jim Brady, Don Hall, Jack Mays, Ben Moore, Danny Williams, Tom Weeks, Roy Savage.

CENTERS: Don Keyes, Mike Carl.

QUARTERBACKS: Sam Reynolds, Larry Johnson, Phil Peter.

HALFBACKS: Pat Barrera, Billy Caver, Dennis Gaudin, Randy James, Ernie Jennings, Charlie Miyachiro, Ron Olson, Ron Peterson, Terry Simpson.

FULLBACKS: Bill Walden, Pat Morrow, Lee Marret, Bob Gay, Mike Burns.

Hawaii Rainbows To Play Jacks Here Next Week

What promises to be one of the highlights of the 1957 Humboldt State College football season will take place next Saturday night when the Lumberjacks host the University of Hawaii Rainbows.

It will be the first appearance on campus of the gridiron march-line from the Hawaiian Islands.

Last season in the first meeting in history between the two schools the Rainbows outmanned the Jacks 33-6 on the winner's home campus in Honolulu.

Originally a three-year contract between the two schools which was scheduled to end in 1953, the series has been extended another two years.

President Cornelius H. Simmons revealed that the contract has been extended until 1960 at the Annual HSC Football Kick-Off Banquet held last week at Shrine Park in Eureka.

In line with the Hawaii contract on the 22, the new lights in Redwood Bowl are expected to be in operation by that time in addition to offering a great deal of improvement in lighting the field the new price for the lights will be so located as to give all fans an unobstructed view of the field.

TWO CLUBS COLLIDE IN CALDWELL TOMORROW NIGHT IN INTERSECTIONAL TILT

By GENE SMITH

Lumberjack Sports Writer

Humboldt's grid Jacks meet their second foe of the young 1957 season in the form of the College of Idaho Coyotes tomorrow night at Hayman Field in Caldwell, Idaho, starting at 8 p. m.

The Lumberjacks lost a tough decision to the Seattle Ramblers last weekend and are hoping to fare better against the Idaho eleven.

Coach Phil Sarboe is expecting some tugged opposition from the Idaho squad but indicates that the team is ready to start playing for keeps and striving to move into the win column.

However, the Coyotes promise to be no pushover and Humboldt State will have to be in tip top shape against them.

Playing in the highly rated Pacific Northwest Conference, the College of Idaho has won the loop championship five out of the past six years, being dethroned for the first time since 1950 last season.

Coyote coach Ed Troxel is fielding a young club made up of Sophomores and Freshmen, with only three Seniors and three Juniors listed on the roster.

Coach Troxel reports that what the squad lacks in experience it will make up for in hustle and speed. The backfield is expected to be one of the fastest in the conference and will give the Jacks linemen a good workout.

The 23 man Lumberjack traveling squad will fly to the Idaho meeting.

Making the trip for HSC are Dick Dandy, Pete Cennin, Zeke Van Deventer, Gordon Moore, Jim Ennis, Pete Carpio, Roy Koenig, Bill Hicks, Bill Greenwald, Jerry Bartlett, Tiny Hubler, Dick Cahill, Ralph Johnson, Chuck McAninch, Bernard Mose, Jim Gussell, Dave Thomas, Warren Baker, Fred Whitman, Jack Morris, Pete Dye, Carl Carlson, Earl Bernum, Marlon Mayes, David Foster, Ralph Mays, Joe Brown, Al Schroeder, Ray Firming, Gordon Goble, John Buholtz, Mike Reppelle and Rich Ames.

In last week's opener the handling of McAninch and Mays from backfield spots was particularly encouraging while Bartlett, Johnson, Dandy, Van Deventer, Ennis and Koenig—all looked good in the line.

Next week the Jacks return home to host the powerful University of Hawaii Rainbows in another intersectional contest.

Then Humboldt goes on the road to meet the San Francisco State Golden Gators in their Far Western Conference opener.

The first league game looms as a real crucial as the Jacks and the Gators rate as co-favorites in the FWCC race on the pre-season dope sheets.

The complete remaining football schedule for the Jacks is as follows:

Sept. 21—University of Idaho at Caldwell.

Sept. 28—University of Hawaii, Oct. 6—San Francisco State at S.F.

Oct. 12—Sacramento State, Oct. 19—Cal Aggies.

Oct. 16—Western Washington at Bellingham.

Nov. 2—Chico at Chico.

Nov. 9—University of Nevada, Nov. 16—Southern Oregon.

Nov. 23—Hamilton Air Force Base.

Nov. 28—Lewis and Clark.

Doornink Named Frosh Coach At U. of Oregon

Mr. "Bob" Doornink, who coached track and assisted with football at HSC last year, has been named Freshman Football Coach at the University of Oregon for this year.

Doornink, a former star of Washington State Football teams under Humboldt's present football coach Phil Sarboe, is attending the University of Oregon to work on his Doctorate's Degree. He has completed two Bachelor's Degrees and Master's Degree.

Mr. Doornink will return to Humboldt State next year to resume his coaching activities.

Humboldt Grad Is Ensign In USNR

John R. Chipman, HSC 1957, graduated this summer from the Navy's Officer Candidate School of the Naval Station, Newport, R. I., and was commissioned Ensign, USNR.

Chipman, from Bell Gardens, Calif., received his B. A. here in life and general science.

To earn their commissions, the 488 new officers had to complete an intensive 18 week course of study and indoctrination covering such subjects as navigation, engineering, seamanship, military justice and naval weapons.

now, some park in the general parking area and in doing so are, in a sense, holding down two parking spaces, he stated.

Little Man On Campus

by Butler

"I'd say something to Professor Snarf, only Lord knows we're not paying our teachers enough."

All previous enrollment records were broken ten years ago this month, when 704 students registered at HSC.

September five years ago, the traditional axe won from Chico in the 1951 football game was lifted from the wall in the Coop.

May I Say Something?

"May I Say Something?" was created last semester as a reader opinion column.

Students and faculty are welcome, are encouraged to use this column as a medium of expression. Criticisms of suggestions on how the Lumberjack may be made a better newspaper are especially welcome; however, comments need not be limited to the Lumberjack. Comments on or discussions of any campus problem or anything related to the college and its people are certainly desirable column topics.

The Lumberjack, however, reserves the right to edit any letters submitted for publication to insure they are in accord with discretion and Lumberjack policy.

Letters should be submitted to the Lumberjack office, room 205, in the Coop.
